Business Insights & Recommendations

1. Market Diversification

Finding : The UK generates approximately 91% of total revenue.

Recommendation:

Expand targeted marketing into other strong European markets such as Germany, France and EIRE to diversify revenue.

Expected impact:

Reduced market concentration and more diversified revenue •

2. Seasonal Demand

Finding:

Revenue reaches its highest level in November 2011 (~£1.39M) and drops sharply in December.

Recommendation:

Analyze seasonal purchasing patterns and plan inventory and marketing campaigns before peak-demand periods.

Expected impact:

Better inventory planning and improved ability to capture seasonal demand.

3. Product Strategy

Finding:

HEART FILIGREE DOVE SMALL is the highest-revenue product at approximately £81.5K.

Recommendation:

Maintain sufficient stock of high-performing products and analyze their characteristics to identify similar products with growth potential.

Expected impact:

Improved product availability and potential revenue growth.

Expected Business Impact

Revenue diversification • Better inventory planning • Stronger product strategy • Data-driven decision-making
